

Allworx Proudly Selects Synergy Broadband to Provide Local Telephone and Network Services

EAST ROCHESTER, N.Y., December 17, 2008- Allworx, the SMB phone and network solutions company, announced today it has partnered with Synergy Broadband, a leading provider of business telephone, computer and software products and services.

Allworx is widely recognized as the industry leader in business telephone systems for the SMB marketplace, providing telephone systems that offer the richest set of calling features available today. Today's announcement authorizes Synergy Broadband to market and sell the complete line of Allworx telephone systems, handset and software products, including the award winning Allworx 6x and 24x telephone systems.

"Synergy Broadband is a perfect fit for Allworx based on their proven commitment to customer satisfaction and superior technical and customer support services" explained Jason Beckett, National Director of Sales for Allworx.

"Allworx is a fantastic company that is focused on providing the best business phone systems available today " Said Jenean Kaiser from Synergy Broadband. "Great quality, great support and affordability are all what Allworx stands for. There is no way we could have passed up this great opportunity to build out our product portfolio."
